

EXPERIMENT-8

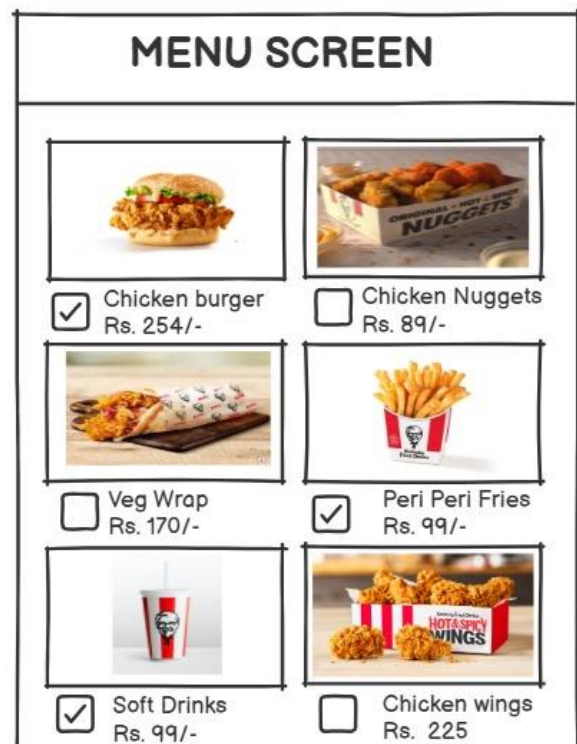

ROLL NO:230701311

NAME:SHRADHA S

AIM: Create storyboards to represent the user flow for a mobile app (e.g., food delivery app) using Balsamiq.

Page 1: Home Screen

- This is the landing page where the user can browse or search for nearby restaurants.
- It includes a search bar, featured restaurant banners, and category buttons (e.g., Pizza, Burgers, Chinese).
- The main user action here is selecting a restaurant to view its menu.

Page 2: Menu Screen

- After selecting a restaurant, the user sees the menu page.
- It shows a list of available food items, each with a description, price, and “Add to Cart” button.
- The user can browse, select items, and add them to their cart.

Page 3: Cart Screen

- This screen displays the user’s selected items, with quantities, prices, and an option to remove or edit the cart.
- It also shows the total cost and a prominent “Proceed to Checkout” button.
- The main goal here is for the user to review their order before moving forward.

CART SCREEN	
	Chicken burger Rs. 254/- Qty: 1
	Chicken burger Rs. 254/- Qty: 2
	Chicken burger Rs. 254/- Qty: 2
<div>CONFIRM ORDER</div>	

Page 4: Checkout Screen

- On the checkout page, the user enters delivery details, selects the payment method, and reviews the final order summary.
- Important elements include address fields, payment options (e.g., card, wallet), and a “Place Order” button.

Page 5: Order Confirmation Screen

- Once the order is placed, the confirmation screen provides a summary, including estimated delivery time, order number, and a thank-you message.
- This is the final touchpoint, reassuring the user that their order is being processed.

CHECKOUT SCREEN	CONFIRMATION SCREEN
<p>Choose your mode of payment</p> <p><input type="checkbox"/> Cash On Delivery</p> <p><input type="checkbox"/> Phone pay</p> <p><input checked="" type="checkbox"/> G Pay</p> <p><input type="checkbox"/> Paytm</p> <p>PLACE ORDER</p>	<p>Order Confirmed!</p>  <p>Deliver in 30 mins.</p>

The storyboard captures a **linear user journey**:

Home → Menu → Cart → Checkout → Confirmation.
